Mt Carberry Reserve Upgrade

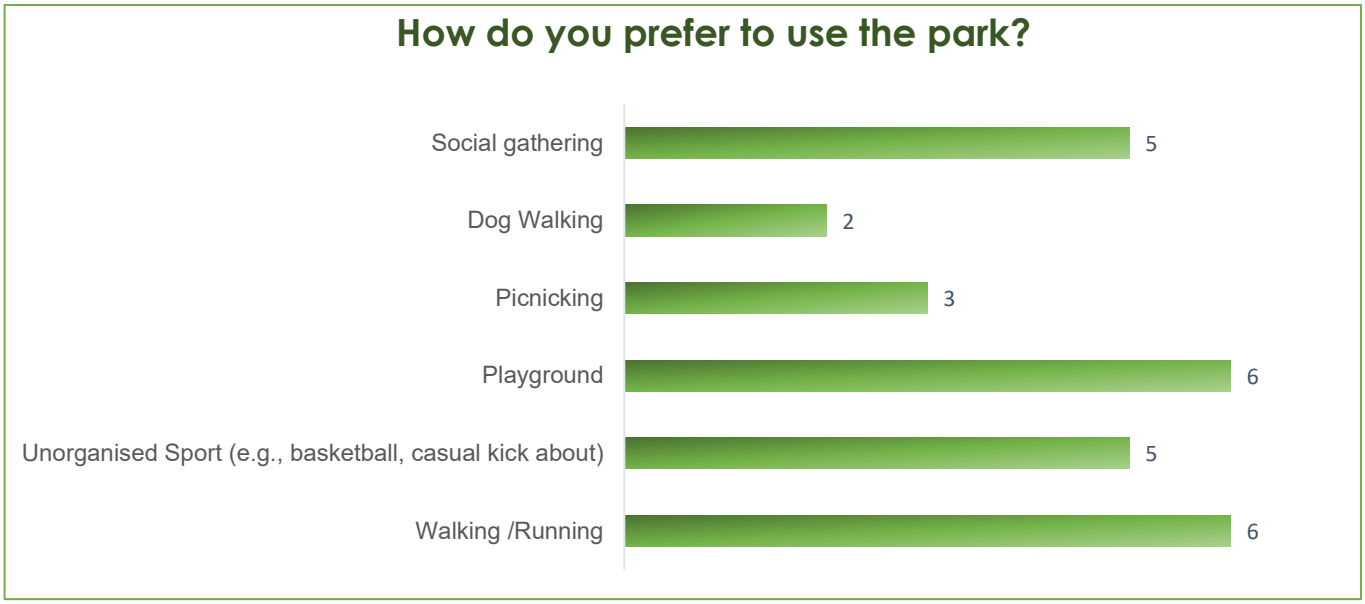

Community Feedback

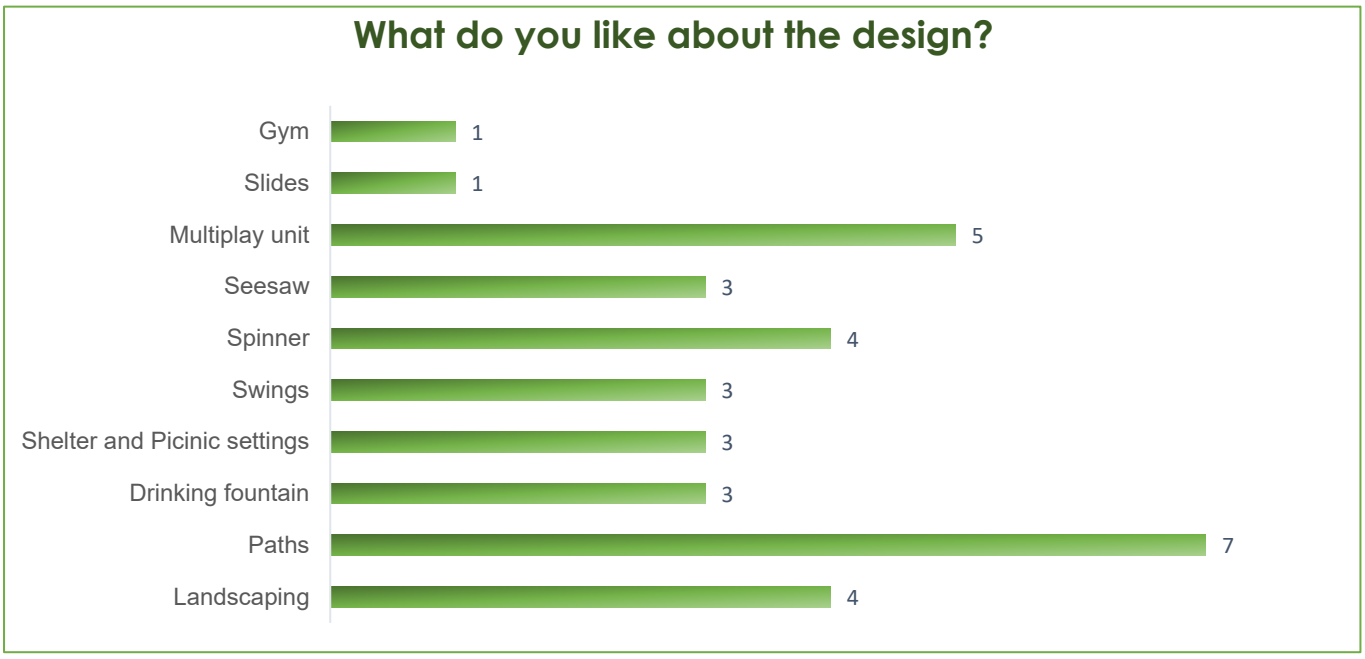

Between the 9th May 2025 and 26th May 2025 Melton City Council shared with the local community of Mt Carberry Reserve, Melton South a proposed landscape plan to upgrade the existing park.

Feedback was collected via an online survey, a hard copy flyer, email and phone. A total of 9 responses were received from the community. Below is a summary of the feedback that was collected.

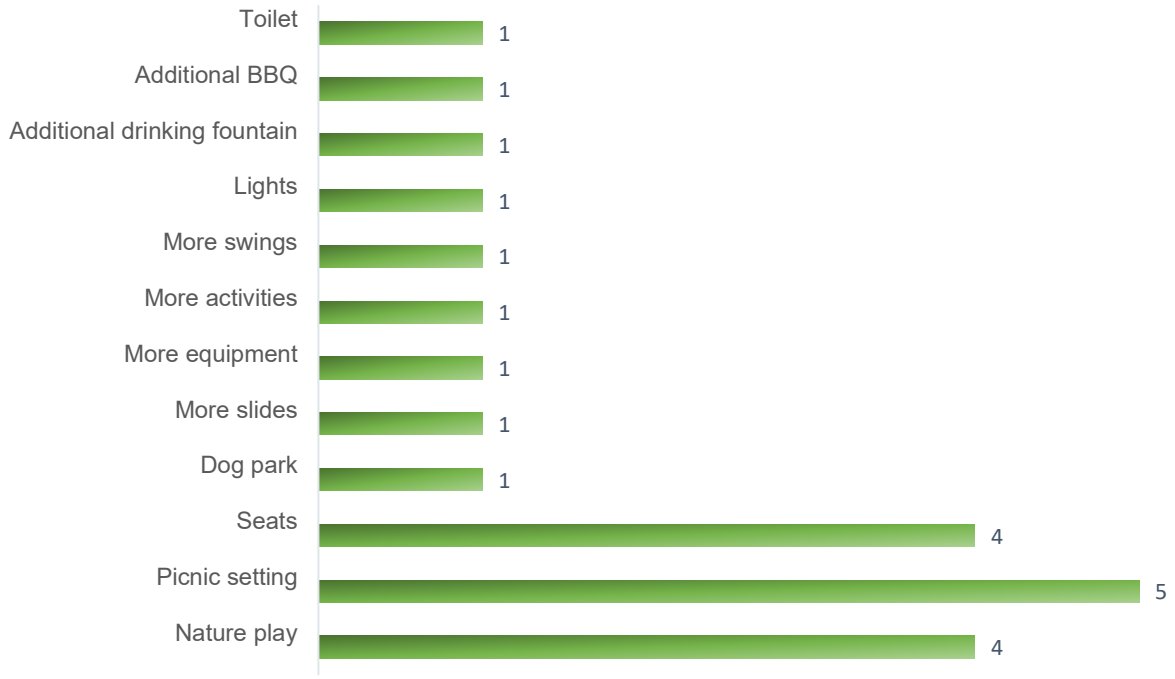

This feedback helps Council to understand what is important to the community and why, as well as identify any other opportunities for improvements. The feedback is reviewed and will be used to update the park design.

People with Disabilities

Children in Family

Ages of Children

Feedback Summary and Response

The below table is a summary of the community's suggestions and other feedback received. Council have reviewed these responses and provided a response as it relates to the projects purpose and budget.

Community Feedback	Melton City Council Response
Within the Scope	
Include additional play equipment to embrace inclusive play value.	Inclusive play has been included in the design.
Include a wide range of equipment suitable for all age groups and encourages active play.	This will be considered during detailed design phase.
Include a double storey play tower with big slide.	Due to the existing tree canopy and the presence of underground services throughout the playground area, installing a large play tower with substantial footings is constrained.
Include one more slide for younger kids	This will be considered during detailed design phase.
Include stainless steel bins with locks.	Following advice from Council's waste team, bins with posts will be installed in the reserves.
Include speaking tubes or sound pipes.	This will be considered during detailed design phase.
Include water play	Due to the presence of underground services throughout the playground area, the installation of water play elements requiring underground drainage is constrained on this site.
Include art installations that celebrate the site's history.	This will be considered during detailed design phase.
Out of the Scope	
Additional BBQ and drinking fountain	This matter will be referred to Council's Asset Renewal team for further investigation and assessment of the requirements.
Additional lighting	This matter has been reported to Council's Open Space Planning team for further investigation.
Include dog park/ area	Council is currently preparing a plan to guide dog off lead area provision. This request will be considered as part of the plan.
Include signage	This matter will be considered as part of the Mount Carberry Recreation Reserve Masterplan, which is currently in progress.
Signage for Pet Responsibility and Safety	This matter will be considered as part of Dog Off Lead Strategy, which is currently in progress.
Include CCTV	Typically, council does not install surveillance cameras in public open spaces.
Include toilets	Public toilet is located at east side of the Oval.
