

Lets create our new Children's and Community Centre

Draw your ideas!

- What might be happening at the centre?
- What might you like to do at the centre?
- What would make this centre a really good place to visit?

**Tell me
about your picture...**

(Grown ups feel free to help children write down their thoughts)

By submitting your drawing to Melton City Council, you agree that your drawing and any words you have included may be used in a report about what our community told us and/or shared on the Melton Conversations website.
