

Inglewood Park Upgrade

Community Feedback

Between the 19 August and 1 September 2024 Melton City Council shared with the local community of Inglewood Park, Burnside Heights a proposed landscape plan to upgrade the existing park.

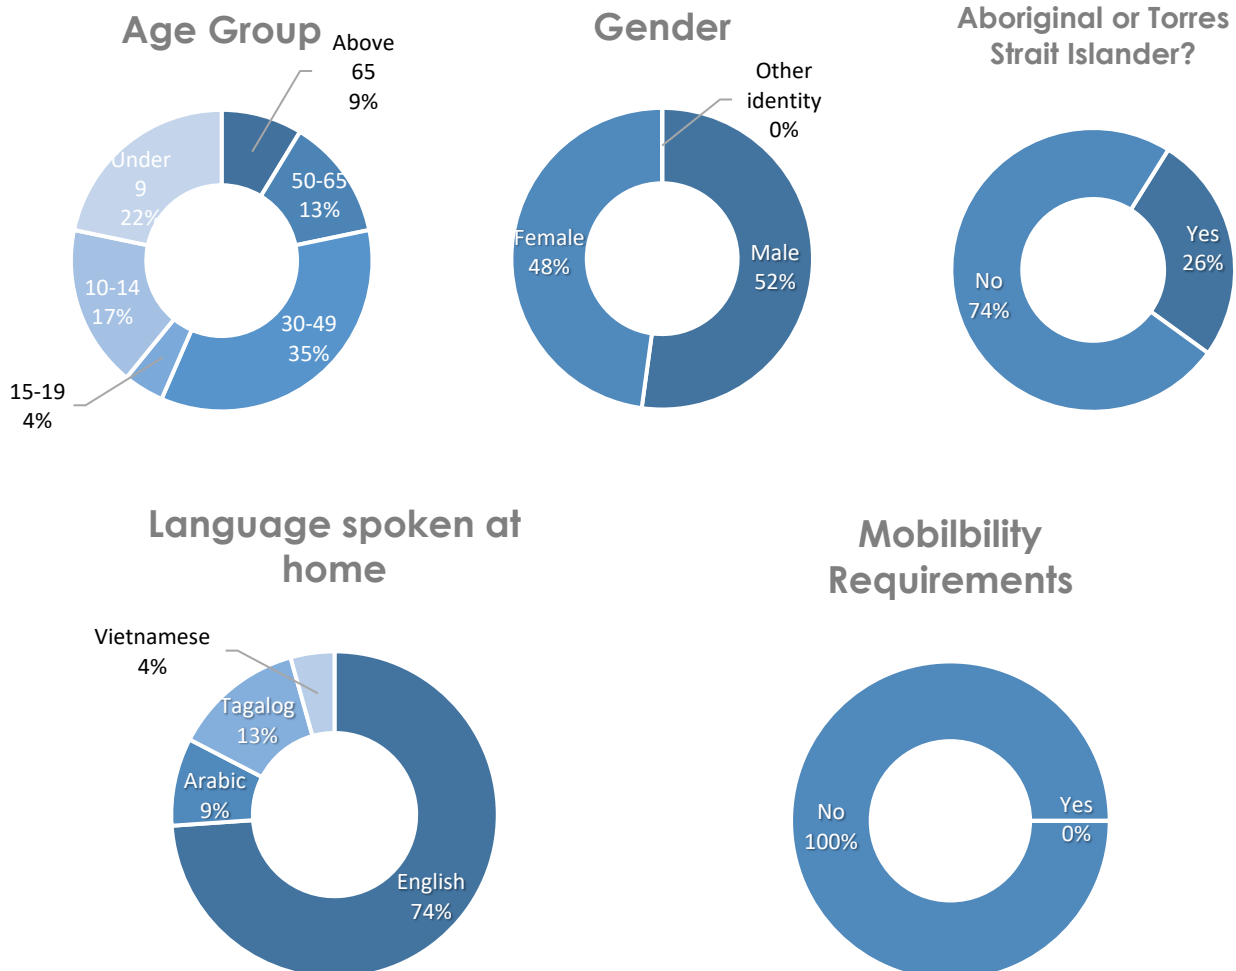

Feedback was collected via an online survey, a hard copy flyer, email and phone. A total of 9 responses were received from the community. Below is a summary of the feedback that was collected.

This feedback helps Council to understand what is important to the community and why, as well as identify any other opportunities for improvements. The feedback is reviewed and will be used to update the park design.

Gender Impact Assessment

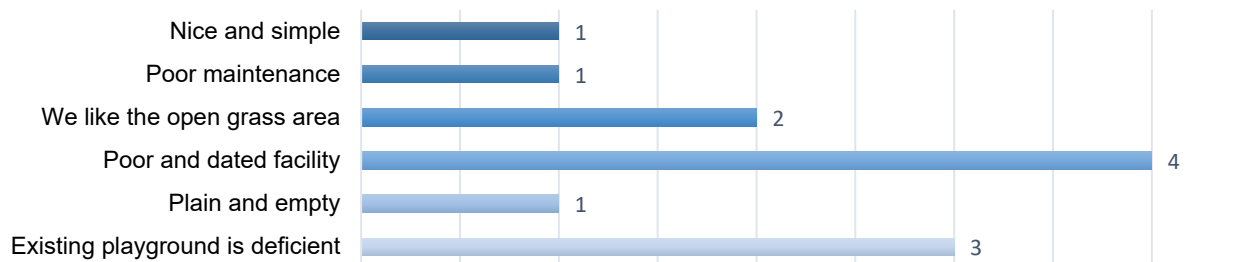

Alongside this consultation, we conducted a gender impact assessment to ensure equal access for all individuals, aiming to achieve a fairer design outcome for the community.

Below is the distribution of respondents and their household details.

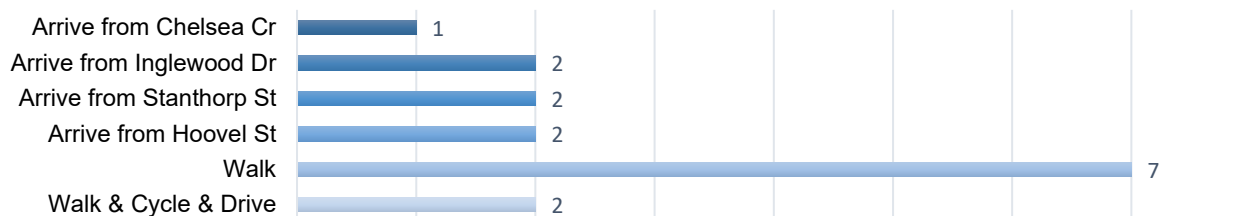

Project Proposal Feedback

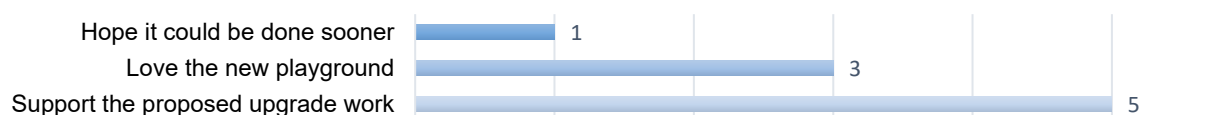

What do you think about the park in its current form?

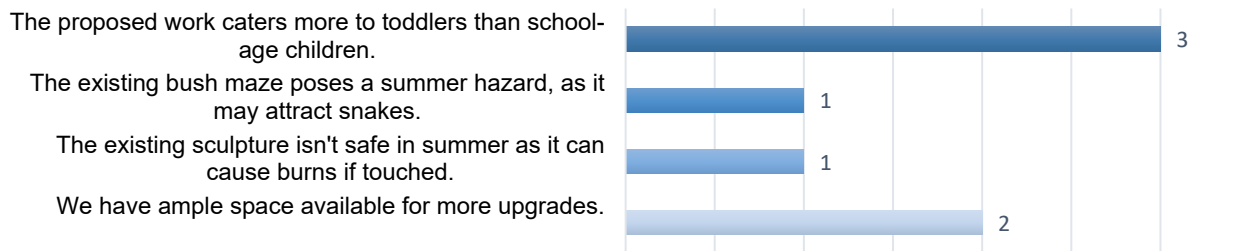

How do you travel to the park (cycle/walk/drive) and which direction do you arrive from (street name)?

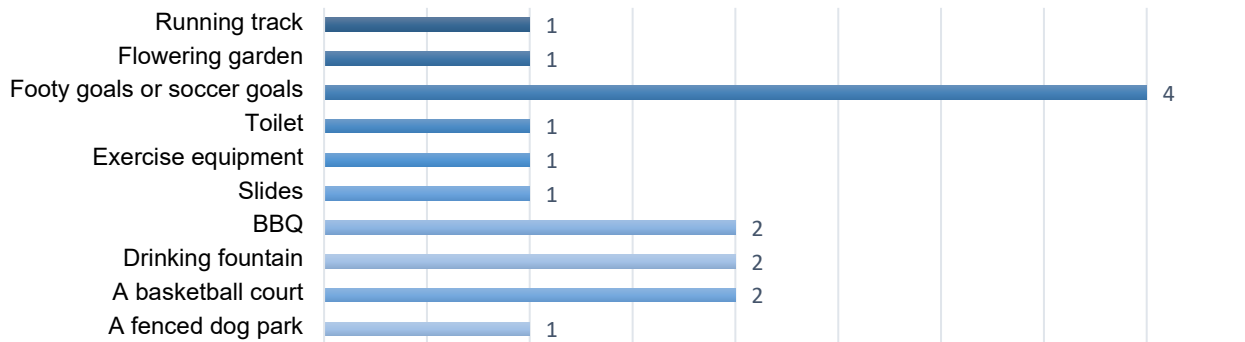

What do you like about the proposed park improvements?

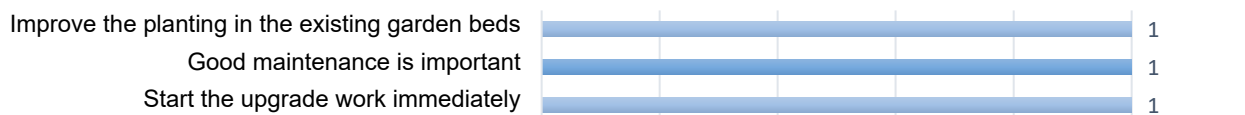

What don't you like about the proposed park improvements?

What else do you expect to see within the proposed park?

Do you have any other comments about the park?

Feedback Summary and Response

The below table is a summary of the community's suggestions and other feedback received. Council have reviewed these responses and provided a response as it related to the projects purpose and budget.

Community Feedback	Melton City Council Response
General	
Expand the scope of upgrade work	This will be reported to the open space planning team and reviewed or inclusion in future infrastructure plans.
Better maintenance of the park	This will be reported to Council's relative department.
Improve the planting in the existing garden beds	This will be reported to the open space planning team and reviewed for inclusion in future infrastructure plans.
Include BBQ	BBQ facilities are typically not included for a local-level reserve.
Include Drinking Fountain	Drinking fountains are typically not provided for a local-level reserve.
Include Toilet	Toilets are typically not considered at local-level reserves, which may raise safety concerns.
Include exercise equipment	This will be reported to the open space planning team and reviewed for inclusion in future infrastructure plans.
Include a fenced dog park	This will be reported to the open space planning team and reviewed for inclusion in future dog parks strategy.
Playground	
Address the snake hazard concern at the existing bush maze	This will be reported to the maintenance team.
Address the risk of burns from the existing sculpture in hot summer.	This will be reported to the maintenance team.
The play space needs to cater to a wider age range, not just toddlers.	This will be considered in the detailed design phase.
Include basketball court	This will be reported to the open space planning team and reviewed for inclusion in future infrastructure plans.
Include footy/soccer goals.	This will be considered in the detailed design phase.
Include running tracks.	This will be reported to the open space planning team and reviewed for inclusion in future infrastructure plans.
Include slides	Included.
